

Download the titan.zip file from the Titan Members area.

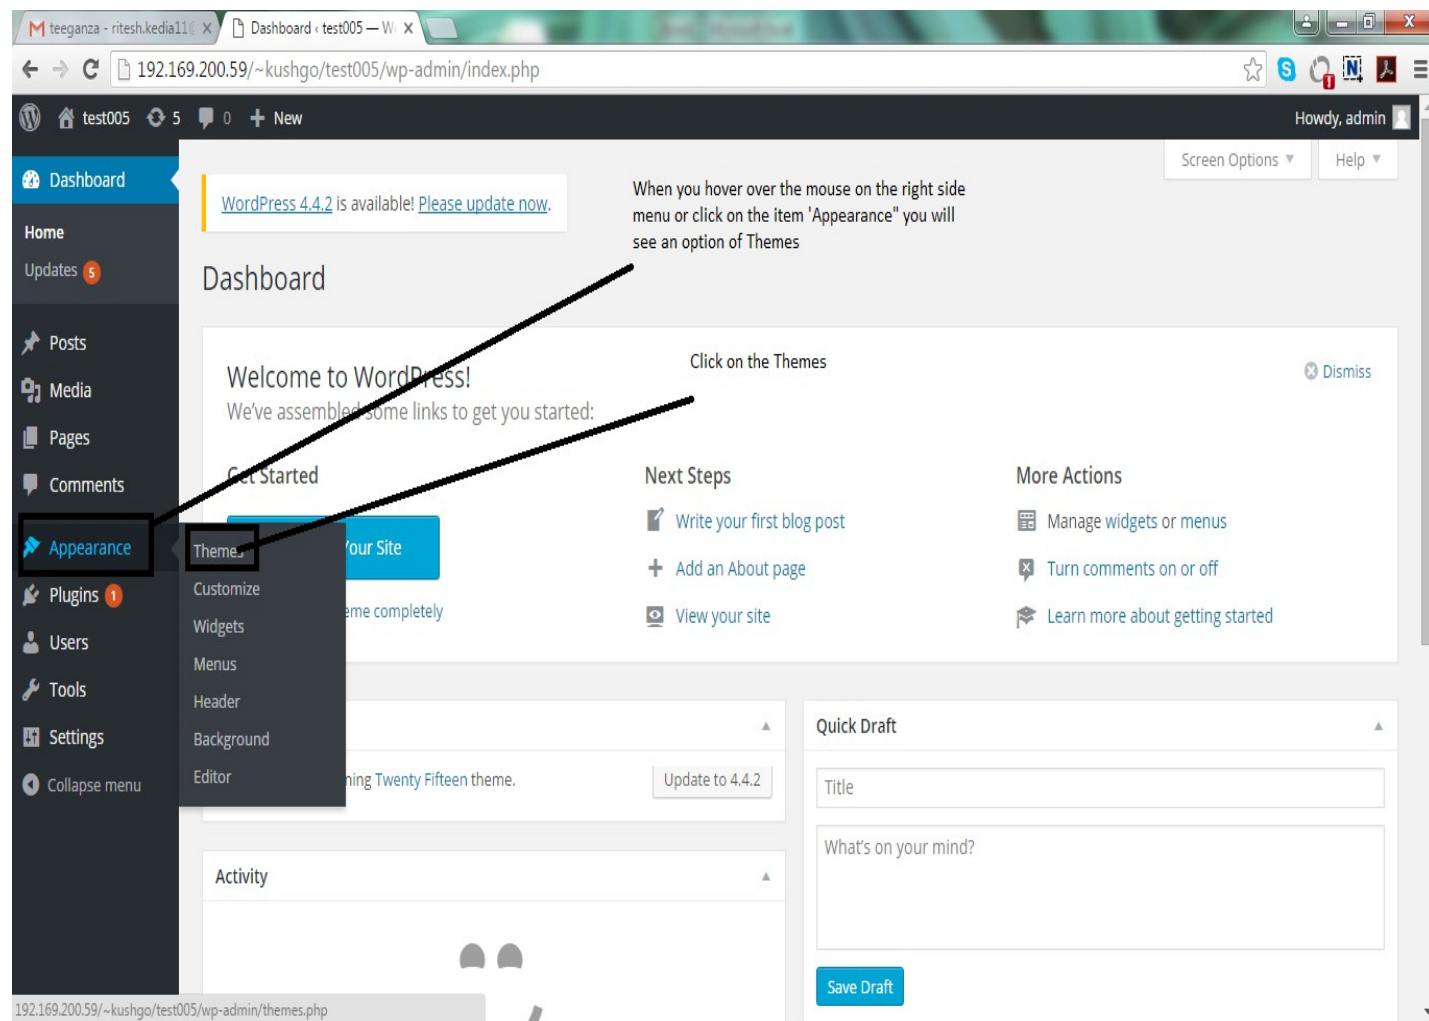

Install WordPress on your domain and then follow these steps to set up the Titan WP Theme:

First, go to your Wordpress Website – and go to the Wordpress Admin

(<http://www.yourdomain.com/wp-admin>)

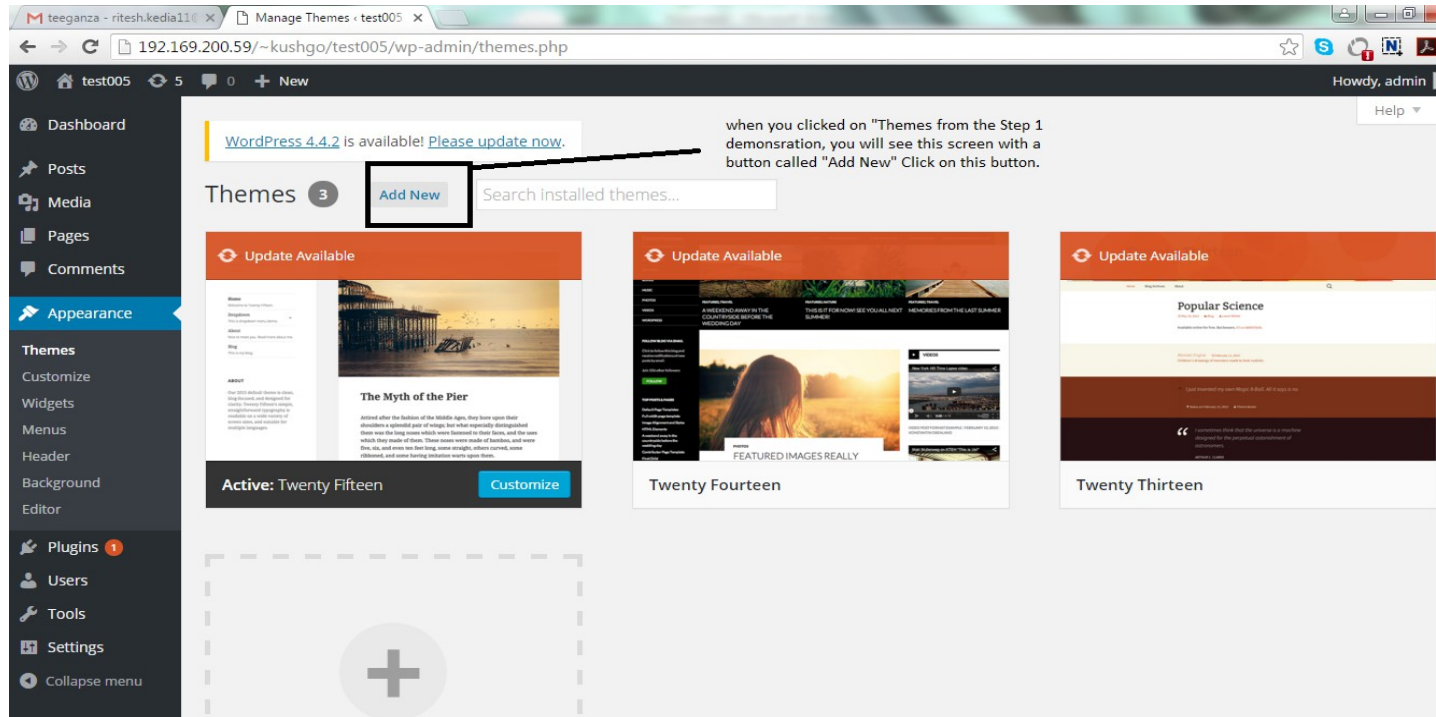

Login with the User Name and Password – After you are logged in you will see the dashboard of the wordpress admin

## Step1

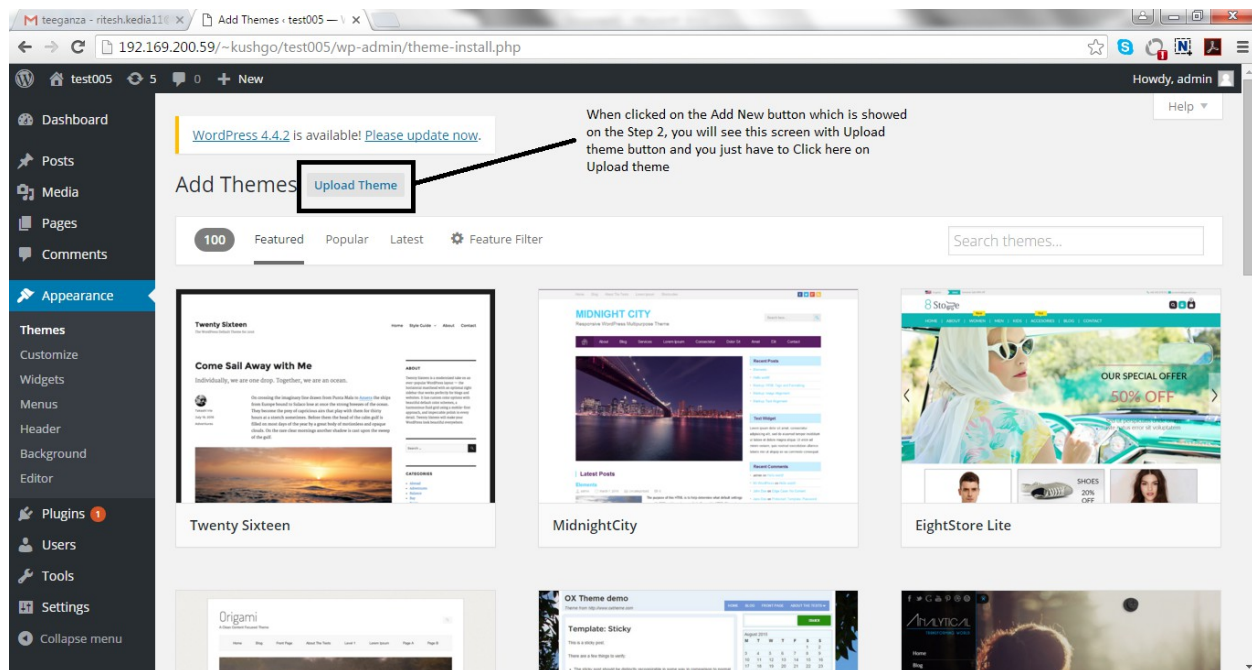

When you followed the above mentioned steps, please follow the below screenshot where you have to click on Add New on the Themes Page.

## Step2

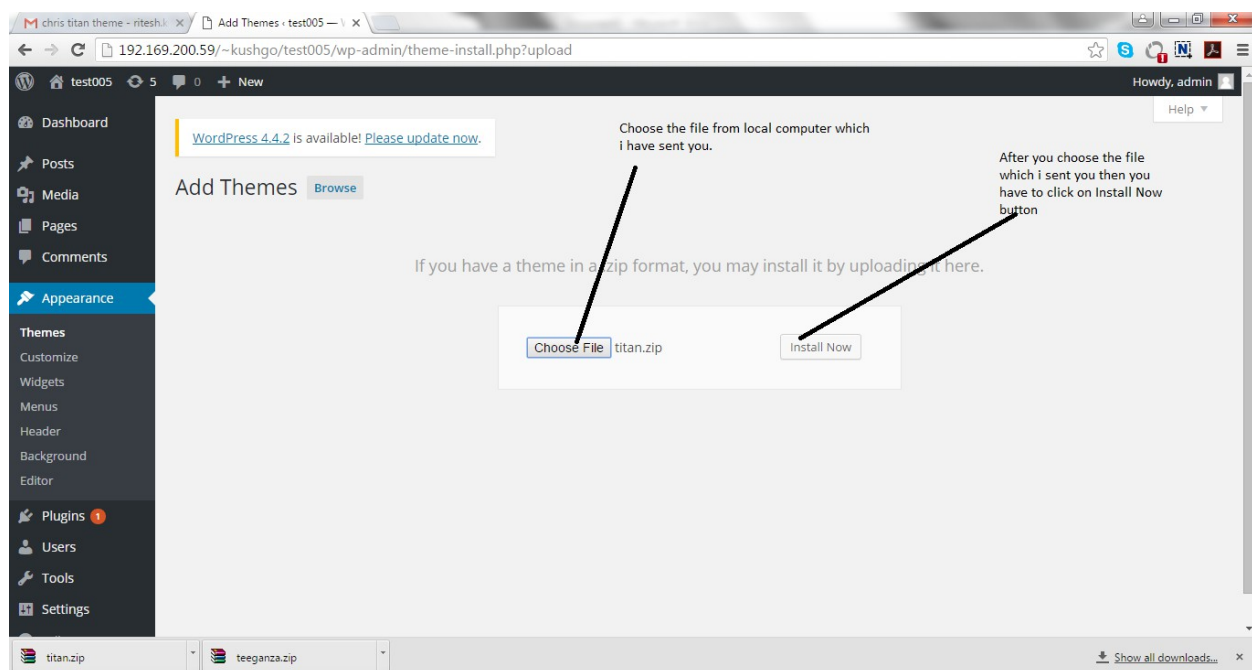

When you followed the above mentioned steps, please follow the below screenshot where you have to click on Upload Themes on the Upload Themes Page.

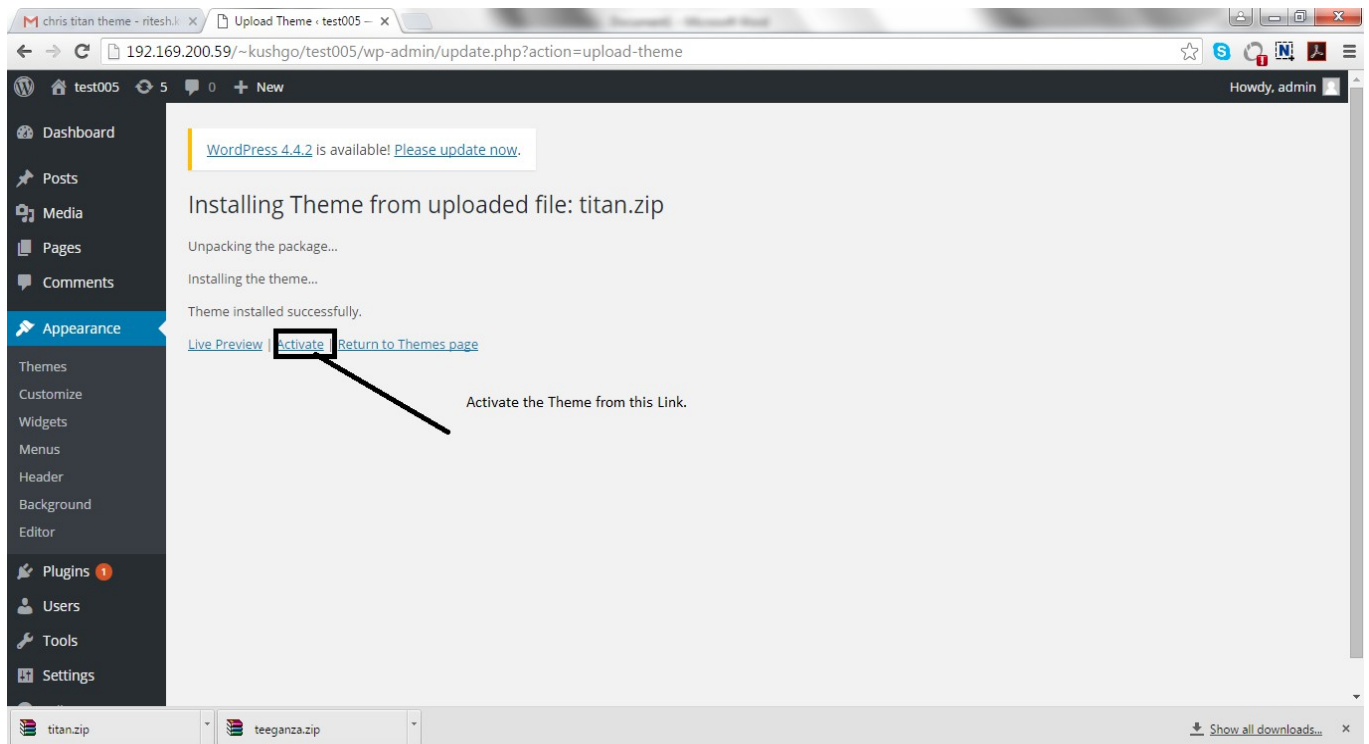

## Step 3

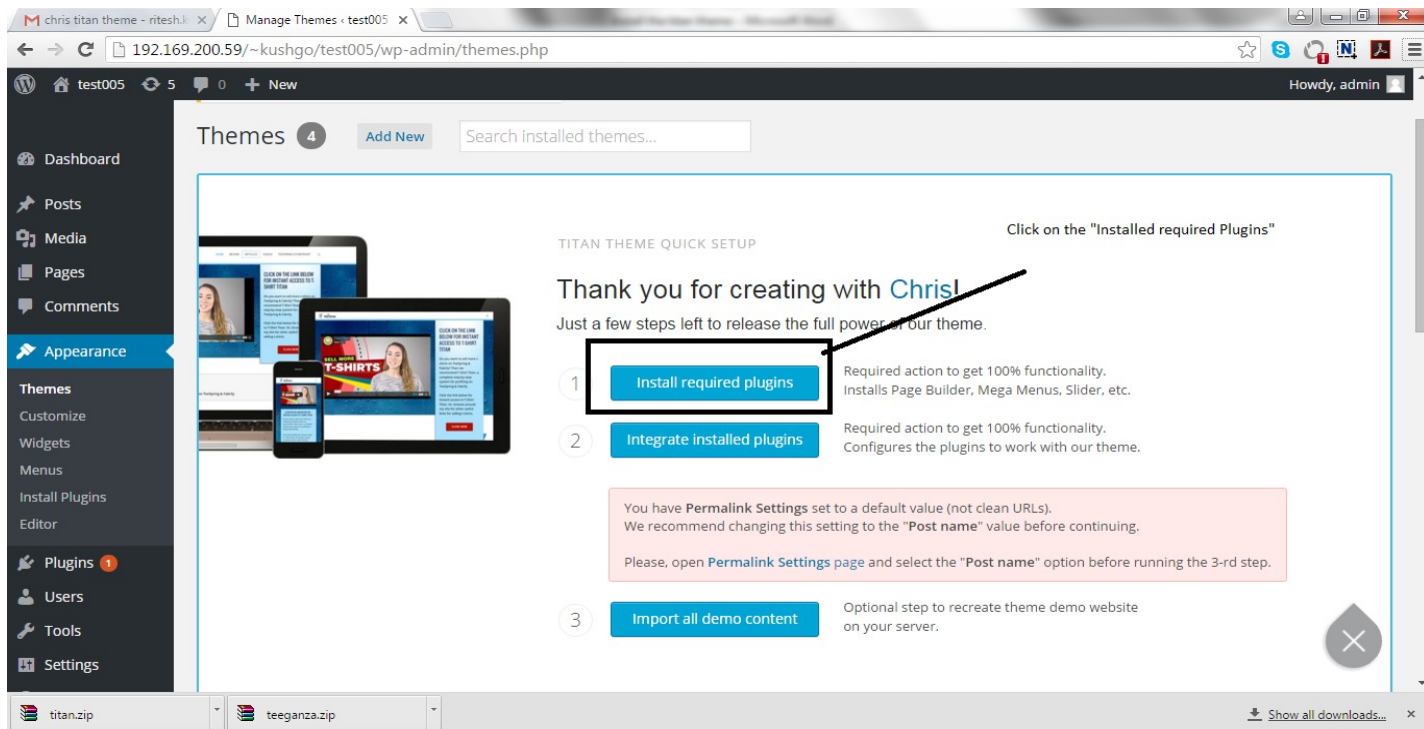

## Step 4

Step5: When the installation is completed you will see the below screen. Where you just have to click the activate button.

Step 6: After the Theme is activated you will be redirected to the below page.

Step 7 The screenshot is attached below to follow the same.

<input checked="" type="checkbox"/>	Mega Main Menu Install	Required	Not Installed	Install
<input checked="" type="checkbox"/>	Meta Box Install	Required	Not Installed	Install
<input checked="" type="checkbox"/>	WPFW - Menus Management Install	Required	Not Installed	Install
<input checked="" type="checkbox"/>	Easy Social Share Buttons for WordPress Install	Recommended	Not Installed	Install
<input checked="" type="checkbox"/>	Live Composer Add-On - Google Maps Install	Recommended	Not Installed	Install
<input checked="" type="checkbox"/>	MasterSlider Install	Recommended	Not Installed	Install
<input checked="" type="checkbox"/>	Ninja Forms Install	Recommended	Not Installed	Install

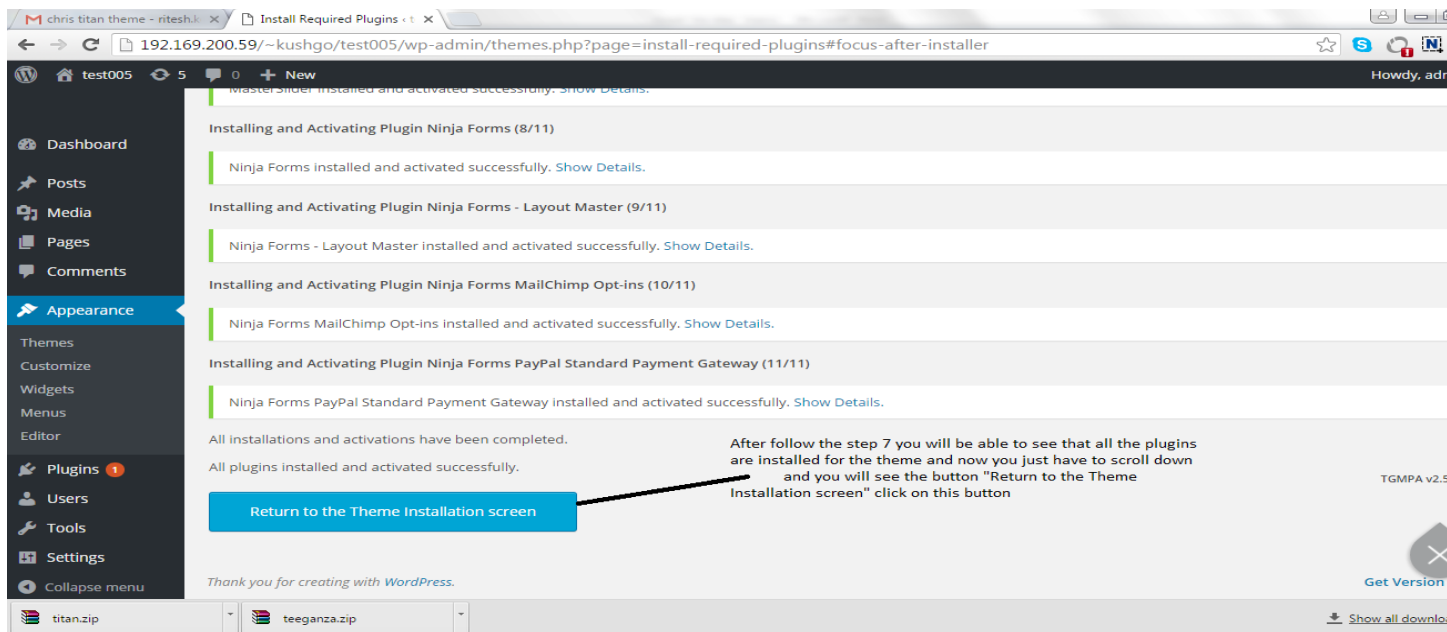

titan.zip teeganza.zip

From the Drop Down select Install

Make sure the checkbox is enabled

click the apply button after the dropdown is selected as Install and plugin checkbox is enabled.

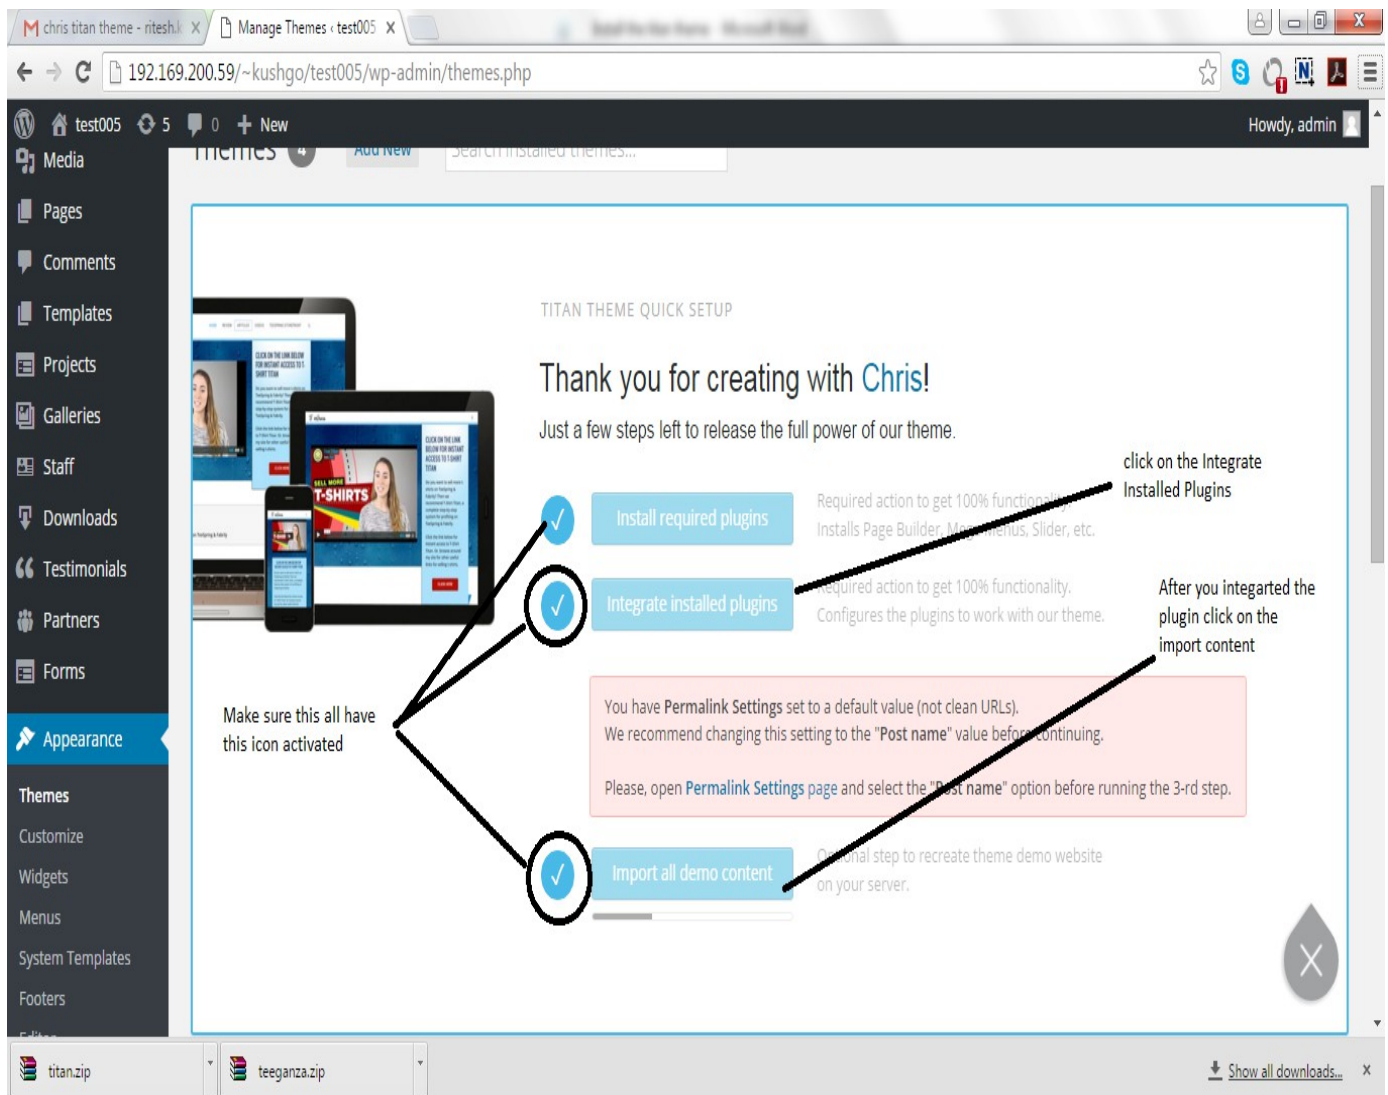

Step8: After following the step 7 you will see that all the plugins are installed and when you scroll down to that page you will see a button called “Return to the Theme Installation screen” click on the button.

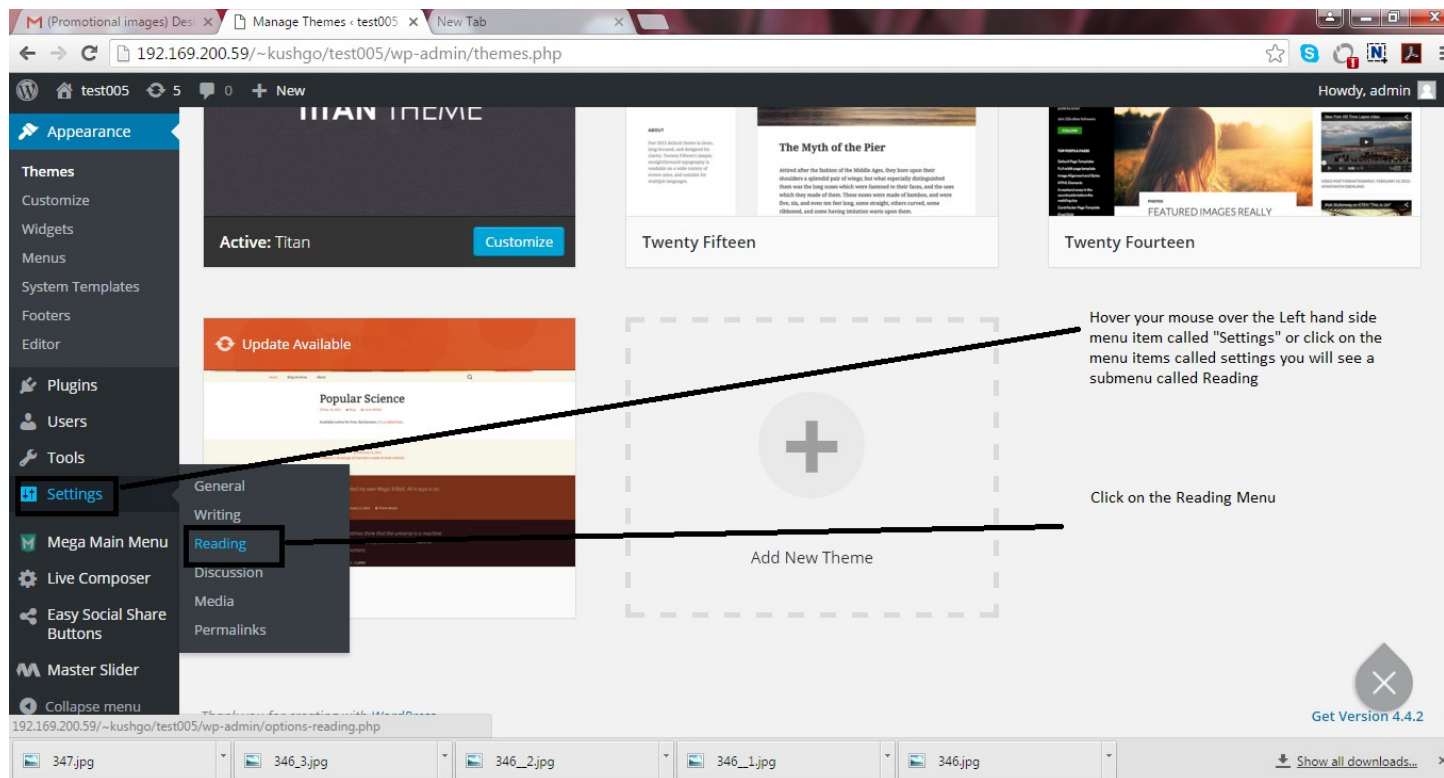

Step 9 When you return to theme installation screen after follow the step 8 than first click on the Integrate Plugins and after that click on the Import Demo Content.

P.S: Please do not leave the page until the blue checked box appeared next to both the button

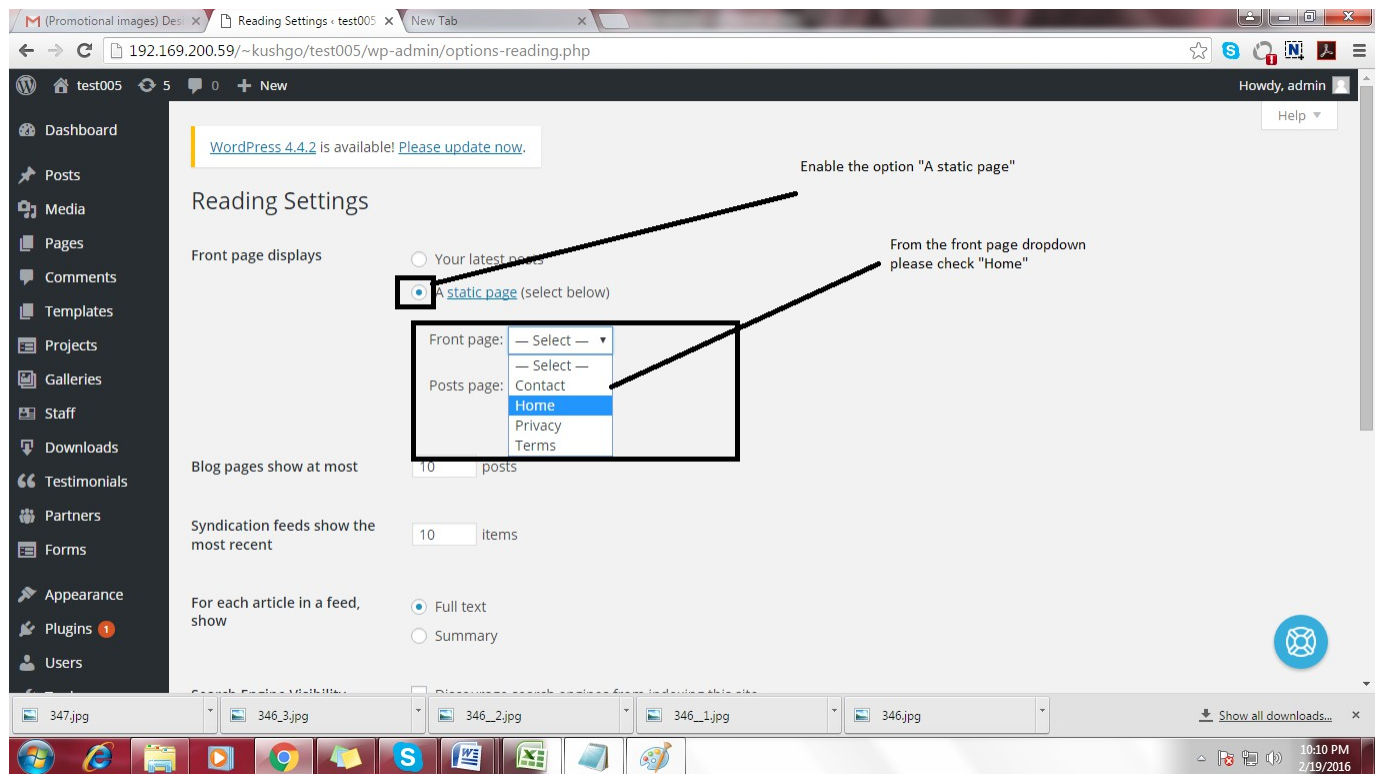

Step 10 : From the left hand side menu you will see the Menu called “Settings” and under the settings submenu is called Reading – click on the reading (screenshot below)

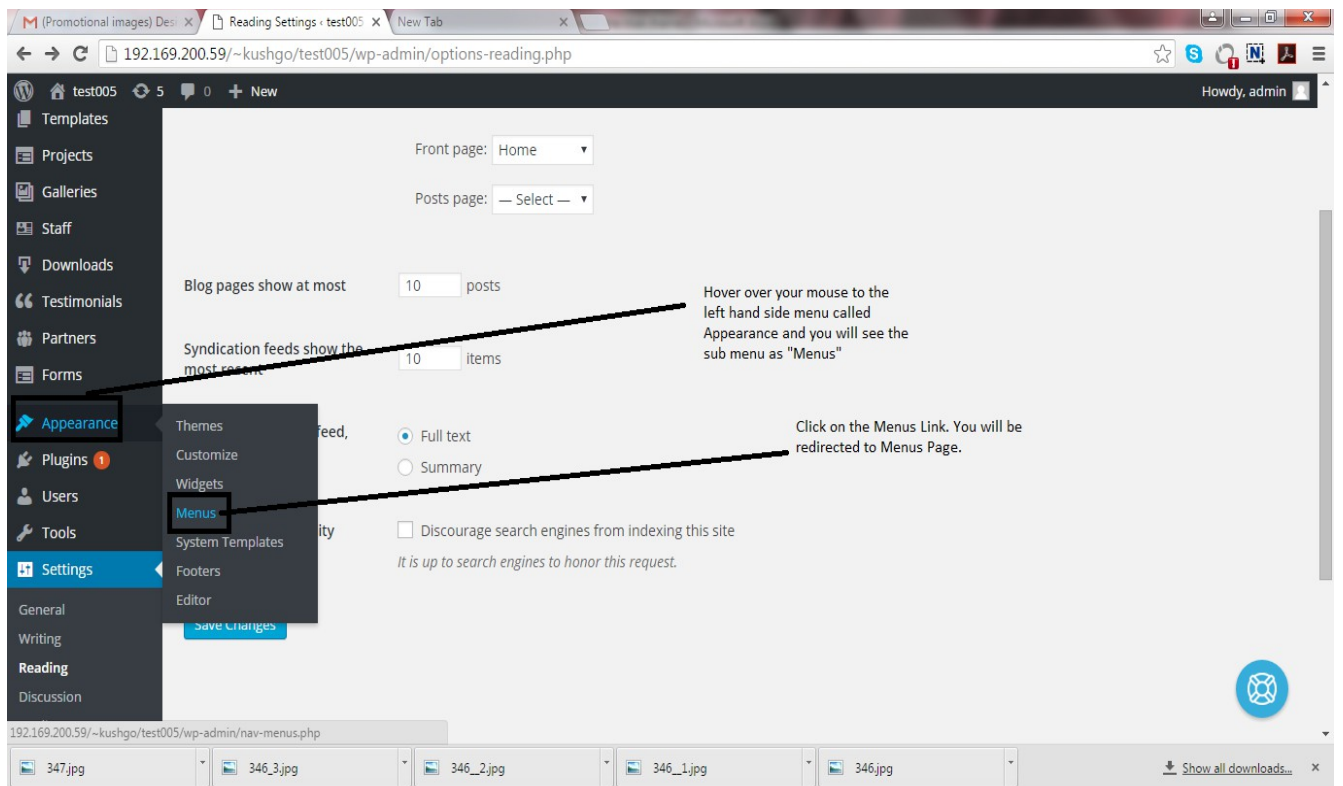

Step 11: From this option please checkbox “A static page” and from the Front Page drop down select “Home” and scroll down to “Save The Changes”

Step 12: From the left hand side menu now select the Appearance and under the appearance submenu will be Menus. Click on the Menus link under the Appearance (screenshot below)

Step 13: Check the screenshot below
